

COVID-19 Risk Management Resources

The following websites provide current information related to COVID-19 and healthcare. *All practitioners, providers, and administrators are encouraged to access and follow the most recent CDC, State, Local, and Territorial guidance based on COVID-19 community case and risk levels.*

CDC

<https://www.cdc.gov/coronavirus/2019-ncov/index.html>

This **home page** link provides access to information about testing, travel, vaccinations/boosters, and all CDC COVID-19 materials. Daily updated data on cases, deaths, hospitalizations, and vaccination rates are presented. Guiding principles for communities and healthcare organizations are offered.

<https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/prevention.html>

Prevention measures to protect yourself and others include vaccination, masking in indoor public places, avoiding close contact with others, avoiding poorly ventilated spaces and crowds, testing, hand hygiene, cleaning/disinfection, monitoring your health, quarantine if you think you've been exposed, and isolation if you test positive are found at this site, including many helpful links. ®

<https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/types-of-masks.html>

Masking information and recommendations are found at this link.

<https://www.cdc.gov/coronavirus/2019-ncov/hcp/clinical-care-quick-reference.html>

This clinical care quick reference for COVID-19 for **healthcare professionals** provides links to full guidance and research.

<https://www.cdc.gov/coronavirus/2019-nCoV/hcp/index.html>

Guidance for **healthcare workers** managing patients with COVID-19 including **clinical guidance**, non-hospital settings (nursing homes, dialysis facilities, and other settings), and **healthcare facilities operations** may be found at this link.

<https://www.cdc.gov/coronavirus/2019-ncov/php/index.html>

Health Department information, vaccination resources, and links to specific state, tribal, local, and territorial health department COVID-19 resources are provided at this link.

<https://www.cdc.gov/coronavirus/2019-ncov/lab/index.html>

Information for **laboratories** about coronavirus including antigen testing is provided at this link.

<https://www.cdc.gov/coronavirus/2019-ncov/hcp/nursing-home-long-term-care.html>

Information for **Nursing Homes and Long-Term Care Facilities** can be accessed at this link.

<https://www.cdc.gov/coronavirus/2019-ncov/community/correction-detention/index.html>

Information for **Correctional and Detention Facilities** can be accessed at this link.

AMA

<https://www.ama-assn.org/system/files/2021-02/covid-19-vaccine-guide-english.pdf>

The American Medical Association COVID-19 Guide focuses on **vaccines** and **combatting vaccine misinformation**.

<https://www.ama-assn.org/delivering-care/public-health/covid-19-2019-novel-coronavirus-resource-center-physicians>

Updates, news, AMA COVID-19 guidance, and **essential tools** and **resources** are available at this link.

ANA

<https://www.nursingworld.org/practice-policy/work-environment/health-safety/disaster-preparedness/coronavirus/>
